EVALUATION OF DIRECT ENHANCEMENT SERVICES

Evaluation of Direct Enhancement Services

COMPREHENSIVE CONSUMER EDUCATION

Describe how the Coalition developed, established, expanded, operated, and coordinated resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public to promote informed childcare choices.

The Coalition offers Child Care Resources and Referral services to families that contact the agency. The Coalition provides childcare listings, community resources, early learning programs, and consumer education. ELCIRMO provides information to families and providers through phone calls, emails, newsletters, face to face, and through social media. Information is provided to parents, families, and community members during outreach events in each county.

PROVIDER FINANCIAL SUPPORTS

Provide a list of grants and financial supports (for example, awards or bonuses) offered to school readiness program providers and their staff to assist them in meeting applicable state requirements for the program assessment required under s. [1002.82\(2\)\(n\)](#), child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing continued professional learning and training.

Include the qualifying criteria to receive grants and financial supports and related monitoring activities to verify appropriate use of support.

The Coalition offered many grants for providers. Starting Your Teaching Journey is a five part series designed to help acclimate new teachers to the field and also to assist when a teacher transitions to a different age group. The trainings are aligned with Florida Early Learning Developmental Standards, using curriculum, and emphasizing oral language and emergent literacy development. This series was offered twice, with each course having a stipend ranging from \$50-\$100. Two sessions of Baby Doll Circle Time, a positive behavior and regulation curriculum for Toddlers, were offered to infant/toddler teachers and directors. Stipends and materials were provided to participants. The Coalition provided stipends to more than 40 staff in Indian River County as an incentive for completing various degrees of higher education. Additionally, phonological awareness training was provided to interested participants. This consisted of preschool age teachers attending training sessions to utilize Heggerty Phonemic Awareness curriculum and explicitly addressing critical pre-reading foundational skills. Teachers received curriculum, materials, and stipends for their participation. Dozens of Teachstone CLASS (Classroom Assessment scoring System) trainings were offered throughout the fiscal year, each with varying stipends. Courses were given by Coalition staff certified trainers and Affiliate Trainers for all Teachstone courses. Across all professional development sessions, the Coalition staff made site visits to verify implementation validity and provide ongoing support to participants. All participants were required to register, produce financial documents, and participate to the full extent of the training in order to receive stipends or materials. Additional trainings were offered from grant funding for county-specific projects, many in which participants received stipends and materials as well.

EVALUATION OF DIRECT ENHANCEMENT SERVICES

TRAINING AND TECHNICAL ASSISTANCE

Provide a list and description of trainings and/or technical assistance activities the coalition offered to school readiness program providers, staff, and parents in each of the following areas.

- **Early Learning Standards**

Early Childhood Specialists hosted many trainings relating to Florida Early Learning and Developmental Standards. Such trainings were a five-part series, Starting Your Teaching Journey, Child Development, Bring It with Big Talk 3 session series, lesson planning trainings, Heggerty Phonemic Awareness, curriculum trainings and more. Coaching was provided one on one with teachers, as well as by age level and school wide at dozens of centers. Quality Specialists conducted initial visits, monitoring, and TA to providers on a daily basis.

- **Child Screenings**

The Program Quality team delivered technical assistance regarding completing and interpreting development screenings (Ages and Stages Questionnaire, ASQ SE) and child assessments (Teaching Strategies Gold). Providers and parents completed 1,176 ASQs. Staff supported families and directors with results on site, over the phone, and via email. Staff spent significant time on re-screens and follow-ups to encourage families were informed of applicable, available resources and services and their benefit. Additional assistance was provided to directors regarding how to upload screeners into the portal. Warmline inquiries were reviewed and answered quickly and efficiently. The Coalition collaborated with Children's Services Council of Martin County to provide a series of parent workshops covering child development, identifying developmental differences and the importance of early intervention.

- **Child Assessments**

Some providers elected to use Teaching Strategies Gold as a child assessment three times a year to receive an incentivized differential reimbursement. Coalition staff monitored the participating provider's status on maintaining reliability on this tool to stay in compliance and ensure accuracy. Quality Specialists and Assessments and Accountability Coordinator supported directors and teachers in completing reliability testing, submitted assessments, navigating the websites, and analyzing findings as requested.

- **Child Development Research and Best Practices**

Across the 3 counties, 13 provider meetings were hosted in 2024-2025 fiscal year. VPK and School Readiness program updates included sharing best practices around child development 0-5. This includes information shared by guest presenters as well as the distribution of physical materials and resources. Two sites in Martin County completed the Anita Zucker Practice Based Coaching program through University of Florida, delivered by our VPK Regional Facilitator. The targeted goal was to increase CLASS (Classroom Assessment Scoring System) scores as well as increasing FAST Star Early Literacy achievement. Both sites showed gains in each measurement tool and expressed positive feedback about the program. Early Childhood Specialists worked with Infant, Toddler, and PreK classrooms across all 3 counties to increase developmentally appropriate practices.

The coalition promoted the New Worlds Reading Initiative by encouraging providers to enroll families in the program, which provides books to VPK students who are not yet meeting age-appropriate

EVALUATION OF DIRECT ENHANCEMENT SERVICES

standards according to FAST Star Early Literacy. The Coalition also provided Star Early Literacy assessment administration and data analysis support directly to teachers.

- **Developmentally Appropriate Curricula and Character Development**

The majority of providers utilize the Frog Street curriculum, on which staff have been trained to use and support by Coalition staff as well as the publisher. Embedded within Frog Street is a character development component, Conscious Discipline. Staff have also had optional trainings on Conscious Discipline, including Baby Doll Circle Time, an infant/toddler component. Trainings on the Pyramid Model were also available, and Quality Specialists used resources aligned with that model to support positive character development. Quality Specialists conducted initial visits to contracted providers to review appropriate use of and adherence to approved curricula during the first quarter. The Coalition conducted 70 School Readiness Monitoring visits based on 90 contracted SR sites as well as 68 VPK Monitoring visits based on 88 contracted VPK providers. Curriculum and character development are components of this monitoring process. Quality Specialists conducted approximately 30 curriculum monitoring checks across the school year, typically with new teachers. Technical assistance site visits were conducted regularly across all four quarters to support developmentally appropriate curriculum use and character development, as requested.

- **Teacher-Child Interactions**

ELCIRMO measured the quality of teacher-child interactions through the CLASS tool (Classroom Assessment Scoring System). Coalition Quality Specialists and Early Childhood Specialists conducted hundreds of mock assessments for Infant, Toddler and Pre-K teachers throughout the year. These mock observations are used for professional development to help teachers reflect on their practice, identify areas of strength as well as areas of improvement. Over the last several years, hundreds of teachers in our region have participated in CLASS trainings, including Into, Observer, and Class Group Coaching. Our staff worked with dozens of teachers regarding improving teacher-child interactions over the last year, and our Coalition has seen a significant increase in performance following the coaching and training experiences.

Martin County successfully completed its fourth year of the Children's Services Council grant-funded coaching program with ELCIRMO, where a coach is assigned 8 teachers to work with intensely throughout the academic year. The program consisted of 4 coaches during the last year. The growth and effectiveness of the program is measured using pre and post CLASS observations. In 2024-2025, 5 PreK teachers remarkably earned overall composite scores of a 6.0, on a scale of 1-7. 94% of PreK teachers made growth in the most challenging domain, Instructional Support. In Toddler classrooms, 100% of coaching participants demonstrated growth in Engaged Support for Learning. This domain is the precursor to Instructional Support as the children grow. The program also resulted in 100% of Infant teacher participants showing growth in every dimension. These outstanding results are statistical evidence that strong professional development can improve performance, and in ELCIRMO's sites, far above national averages.

The Coalition also has three Early Childhood Specialists that worked with sites globally across the 3 counties, as opposed to being dedicated to specific teachers all year. These coaches typically worked with a teacher for 4-6 weeks on a specific area, then gradually released support. The global coaches provided support to groups of educators by age level, school wide, and leadership training and guidance for directors and/or owners. ELCIRMO looks forward to expanding our professional development scope, yielding even greater results in the upcoming years.

- **Age-Appropriate Discipline Practices**

EVALUATION OF DIRECT ENHANCEMENT SERVICES

ELCIRMO's Quality Specialists conducted hundreds of site visits, routine and as requested, to support age-appropriate discipline strategies. The Coalition utilized Pyramid Model and Conscious Discipline to support most behavioral needs with providers. The Inclusion Coordinator/Behavior Specialist addressed 79 requests for behavioral, social-emotional and self-regulation needs through site visits, phone calls, and emails with providers and families.

- **Health and Safety**

Quality Specialist conducted on-site visits for any DCF violations or parent concerns, as needed. Technical Assistance was provided on each visit. The Program Quality team consistently shared the Health and Safety training requirements through newsletters, provider meetings, emails and site visits. Providers were encouraged to participate in Department of Health initiatives, including Go NAPSACC and the oral health program. DOH had presenters at provider meetings.

- **Nutrition**

The Coalition promoted GO NAPSACC, the Department of Health's program for childcare providers to support healthy development and nutritional education. The Boys and Girls Club of Martin County presented their culinary food services program for childcare facilities at provider meetings.

- **First Aid**

None

- **Cardiopulmonary Resuscitation**

None

- **Recognition of Communicable Diseases**

Quality Specialists encouraged providers to report unusual incidents, including communicable diseases, such as Hand Foot and Mouth, Impetigo, and other related illnesses.

- **Child Abuse Detection, Prevention and Reporting**

During routine initial visits with providers, Quality Specialists reviewed the Mandatory Reporter rule with directors. When available, a DCF representative attended Provider Meetings to relay updates and answer questions from providers.

QUALITY ACTIVITIES FOR INFANT AND TODDLER CARE

Provide a description of the quality activities and services the coalition provided to enhance infant and toddler care.

Baby Doll Circle time training was offered to infant and toddler teachers and directors twice throughout the fiscal year. This comprehensive, supplemental curriculum guides toddlers in recognizing emotions, developing empathy, following routines, increasing social skills and building oral language. This program comes from the publisher, Conscious Discipline, and is aligned with positive behavior support practices included in many curriculums among our providers. Intro to CLASS, Infant Observer, Toddler Observer, as well as Infant/Toddler CLASS Group Coaching were all offered from Coalition staff to providers multiple times throughout the year.

EVALUATION OF DIRECT ENHANCEMENT SERVICES

MONITORING

Describe the process for monitoring compliance with, and enforcement of, applicable state and local requirements.

During the 2024-2025 fiscal year, ELCIRMO contracted with 90 School Readiness sites. In accordance with the Statewide School Readiness Provider Contract Monitoring Tool- Attachment B, we exceeded the minimum number of required sites monitored. We monitored 70/90 SR sites and 68/88 VPK sites. Both program monitoring totals exceed the minimum sample size as required in Florida Department of Education Division of Early Learning Program Guidance 530.05.

INCLUSION

Describe the activities the coalition has implemented to promote inclusive childcare, including responding to Warm-Line requests by providers and parents, and providing developmental and health screenings to school readiness program children.

The Coalition addressed warm-line requests from parents and providers, conducting observational visits, modeling strategies, and providing resources. The Coalition made 394 resource packets and referrals to other agencies. The Inclusion Coordinator, whose title later transitioned to Behavior Specialist, provided technical assistance and offered provider training on the Special Needs rate. The Coordinator also facilitated parent workshops related to developmental milestones and the importance of early intervention. Additionally, the Coordinator facilitated professional development trainings on the art of professional conversations and ASQs to providers. Staff consistently reviewed and provided support for completing and interpreting ASQ data. The Coordinator used the ASQ 3 and ASQ SE. Warm-Line and referral information was shared at provider meetings, as well as distributing Warm-line flyers to attendees. Many providers display the Warm-Line flyer in the office or beside parent sign-in/sign-out logs.

DATA SUMMARY

Data Summary

The following information is based on data collected from July 1, 2024- June 30, 2025.

CHILDREN SERVED IN SCHOOL READINESS

Number of children served in the school readiness program, by provider type, enumerated by age and eligibility priority category, reported as the number of children served during the month and the average participation throughout the month.

Sum of Children														Monthly Average

DATA SUMMARY

CHILD DISENROLLMENT

Total number of children disenrolled during the year and the reasons for disenrollment.

Reason for Disenrollment	Number of Children Disenrolled
Child care provider dismisses child due to child's behavior	11
Child care provider does not meet parent's or guardian's expectations.	1
Child care provider has closed for economic or other business reasons.	7
Child deceased.	1
Child has exceeded the age-limit for services.	4
Child is no longer residing with the guardian who completed the initial application. New paperwork must be completed by new guardian.	14
Child poses safety risk to other children at program.	4
Child was determined eligible for services but never enrolled with a child care provider.	2
Client does not show up for redetermination.	161
Client failed to comply with program requirements.	9
Client failed to provide required documentation to maintain eligibility.	7
Client is no longer eligible for services because the family income exceeds the allowable amount for eligibility.	5
Client moved out of the county in which funding is currently provided.	19
Client no longer has a valid purpose for care.	30
Client's contact information is no longer valid and fails to provide updated information by a specified date.	18
Custodian is involved in seasonal work (such as migrant or school district employees) and the child's enrollment is temporarily suspended while custodian is not working.	11
Parent declined Terms and Conditions	1
Parent or guardian lacks resources necessary to keep child in care.	2
Parent/guardian withdrew child from the program.	280
Provider dismissed child for noncompliance with the provider's attendance policy.	52
Provider dropped child from the provider's program.	26
Provider no longer receiving SR or VPK funds due to noncompliance or low performance	23
Referring agency has terminated the referral.	2
The enrollment record was updated.	25
The next authorization period was approved.	29
Transfer from one SR funding source to another (i.e. BG3 to BG8).	6
Transfer to another provider record (even if the second record is owned by the same provider).	4
Total	754
Data is from the EFS Modernization Database as of August 13, 2025	

PROVIDER TYPE

Total number of providers by provider type.

DATA SUMMARY
